

UDAY KUMAR BAGARI

PRODUCT DESIGNER

I love to dig into user problems as well as business problems and solve them with design thinking. I create, scale, and optimize ideas that matter. To accomplish this, I focus on delivering key outcomes, building an amazing team, and quickly adapting to new learnings. My personal and professional experiences have taught me how to be a responsible person.

I have 7+ years of professional experience in design and now i am looking for new and exciting opportunities to work as a “Product Designer” or “Senior Product Designer” for a longer and more productive duration. Where i can contribute, Learn and Grow with the organization.

EXPERIENCE

June 2023 - Present

Product Designer - Full Time @ MISC (Chennai)

Working on inventory management software application of MISC Marine. The SparesCNX / Propeller have two primary applications, Ship application is used on or inside vessel tanker to manage inventory on ship and Shore application is used on shore office/warehouse/suppliers/superintendents etc.

May 2021 - March 2023

Product Designer - Full Time @ Konnectbox (Bangalore)

I worked on multiple products as a product designer and that follows

1. Konnectbox B2B eCommerce Application - This is for retailers across india, To source inventory in bulk and credit from their favorite manufacturers and distributors.
Konnectbox Suppliers Dashboard Panel - This helps manufacturers and distributors to manager their daily orders, payments, inventory, brands, advertising and marketing with ease.
3. Konnectbox Admin Dashboard Panel - This helps admin to organise the business by getting valuable data on orders, sales, payments, revanue and other essentials of business.

In this journey, i got an opportunity to wear many hats and learn many hidden things and i got an exxperience of creating and handling team of UI Designers, UX Designers, UX Researchers, Graphic Designers and Design Interns.
